A new version of the EDCs is now available to use with the PTAT. The previous version 8.2 has been replaced with version 10.0.

The PTAT is used to assist in determining if a Medicaid member has qualifying chronic conditions that would qualify them to enroll in a CCHH. Please see the DHS web page [Enrolling as an Iowa Medicaid Provider in the Health Home Program](http://dhs.iowa.gov/ime/providers/enrollment/healthhome)¹ to access the PTAT Guide and PTAT Tool documentation for instructions.

If you have any questions please email Joyce Vance at jvance@dhs.state.ia.us.
